CURRICULUM VITAE FOR AMIEL SOMARU

Personal Information

Address: 5 Delagoa Street, Secunda, 2302
Phone: 072 524 3008
Email: amielsomaru@gmail.com
ID Number: 0209255347087
Date of Birth: 25 September 2002
Gender: Male
Nationality: South African
Marital Status: Single
Driver's License: Code B
Health: Good
Criminal Record: None

Career Objective

Software Developer with a BSc in Information Technology and hands-on experience in backend development, cloud deployment, and modern software engineering practices. Experienced with C#, .NET Web APIs, Azure cloud services, and SQL-based data access. Passionate about building reliable software solutions and continuously expanding technical expertise in professional development environments.

Education

BSc in Information Technology:
North-West University,
Potchefstroom (2021 – 2025)

National Senior Certificate:
Hoërskool Secunda
(Graduated 2020)

Work Experience

Software Development Work Experience Project – Khanyisa Real Systems | Jan 2026 – Feb 2026

- Developed backend services using C# Web API (.NET) for a purchase order system.
- Implemented data access using Dapper with Microsoft SQL Server hosted in Azure.
- Deployed applications to Azure Web App using GitHub Actions (CI/CD).
- Applied Test-Driven Development (TDD) with automated tests.

- Used Git workflows, including branching strategies, pull requests, and code reviews.
- Monitored applications using Azure Application Insights.
- Participated in system architecture modelling using C4 modelling.
- Integrated backend services with a Svelte frontend.
- Utilized AI-assisted code generation with structured prompts and human code review.

Tony Soares – 082 446 4001

IT Support Assistant – Move to Outlook (M2O) Project – North-West University, Potchefstroom Campus | 2022

- Supported university-wide migration from GroupWise to Microsoft Outlook.
- Created and configured Outlook accounts for academic and administrative staff.

- Transferred emails, contacts, and archived data to new Outlook profiles.
- Set up Outlook on desktops, laptops, and mobile devices.
- Provided one-on-one technical support and training during the transition.

Technical Skills

Software Development:
C#, .NET Web API, Python, Java, C++, Delphi

Cloud & Backend:
Microsoft Azure, Azure Web Apps, Azure Application Insights

Databases:
Microsoft SQL Server, Dapper

Frontend:
HTML, Svelte

Development Practices:
Test-Driven Development (TDD), SCRUM, Pair Programming, Extreme Programming

Version Control & DevOps:
Git, GitHub, GitHub Actions (CI/CD)

Systems & Networking:
Windows 10/11 Imaging, IPv4 Network Imaging, SIM Module Hardware Setup, PC Assembly and Hardware Upgrades

Software & Tools:
Microsoft Outlook, GroupWise, Zscaler, Bomgar

Support & Training:
Technical troubleshooting, PC/laptop/mobile setup, email migration, user training, Python tutoring

Soft Skills

- Strong communication
- Quick learner and adaptable
- Analytical thinker
- Team player and collaborator

Languages

English – Fluent
Afrikaans – Fluent

Interests and Hobbies

Golf, Reading, Car Restoration, Mechanical Activities, Programming, DIY Projects

Certificates

KRS
KHANYISA REAL SYSTEMS
Software Since '87

Certificate of Attendance

This is to certify that

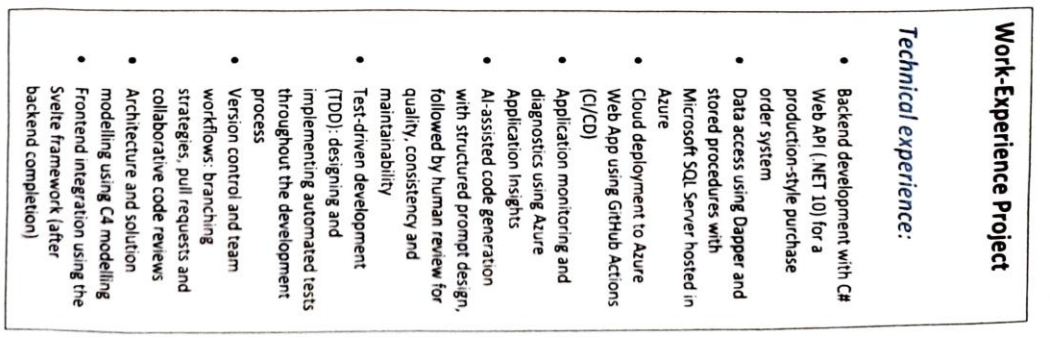
Amiel Somaru

Successfully completed a six week work-experience project at Khanyisa Real Systems (Pty) Ltd

From 19th January- 27th February 2026

Alain King
Director

Lorraine Steyn
CEO



Work-Experience Project

Technical experience:

- Backend development with C# Web API (.NET 10) for a production-style purchase order system
- Data access using Dapper and stored procedures with Microsoft SQL Server hosted in Azure
- Cloud deployment to Azure Web App using GitHub Actions (CI/CD)
- Application monitoring and diagnostics using Azure Application Insights
- AI-assisted code generation with structured prompt design, followed by human review for quality, consistency and maintainability
- Test-driven development (TDD): designing and implementing automated tests throughout the development process
- Version control and team workflows: branching strategies, pull requests and collaborative code reviews
- Architecture and solution modelling using C4 modelling
- Frontend integration using the Svelte framework (after backend completion)
